

Session GPP2: Effective policies and implementation on Green Public Procurement

Thailand Experience

Araya Nuntapotidech
Deputy Director General, Pollution Control Department

2005

Research and develop the criteria of green procurement

Develop green procurement manual

Create green procurement database with online-reporting system

Conduct a pilot project within the Ministry of Natural Resources and Environment for purchasing environmental friendly products and services

Develop green procurement promotion plan for government sector 2008-2011

Evaluate the benefits and impacts of green procurement

Green procurement promotion plan for government sector 2008-2011 was endorsed by Cabinet Resolutions on 22nd January 2008

2008

The Cabinet Resolutions

The Green Procurement Promotion Plan (G3P) for the government sector established by The Cabinet Resolution on 22 January 2008, sets the goal to increase government's spending on environmental friendly products and services.

Thai Government Policy

The 10th – 11th National Economic and Social Development Plan (2007-2011, 2012-2016)

Environmental Quality Management Plan (2012 - 2016)

The Government sector should be leaders in green procurement. In order to create proper market of products and services that are environmental friendly.
