Climate Expert Mitigation
Programme Office International Climate Initiative
Bangkok, 20 January 2015**

Content

- I. Update on IKI's climate policy portfolio
- II. INDC support through the IKI
- III. News from the IKI

IKI's two-fold strategy: acting and negotiating

Dynamic part of international climate finance, IKI as a tool to effectively develop and implement strategic frameworks and building blocks for climate change issues

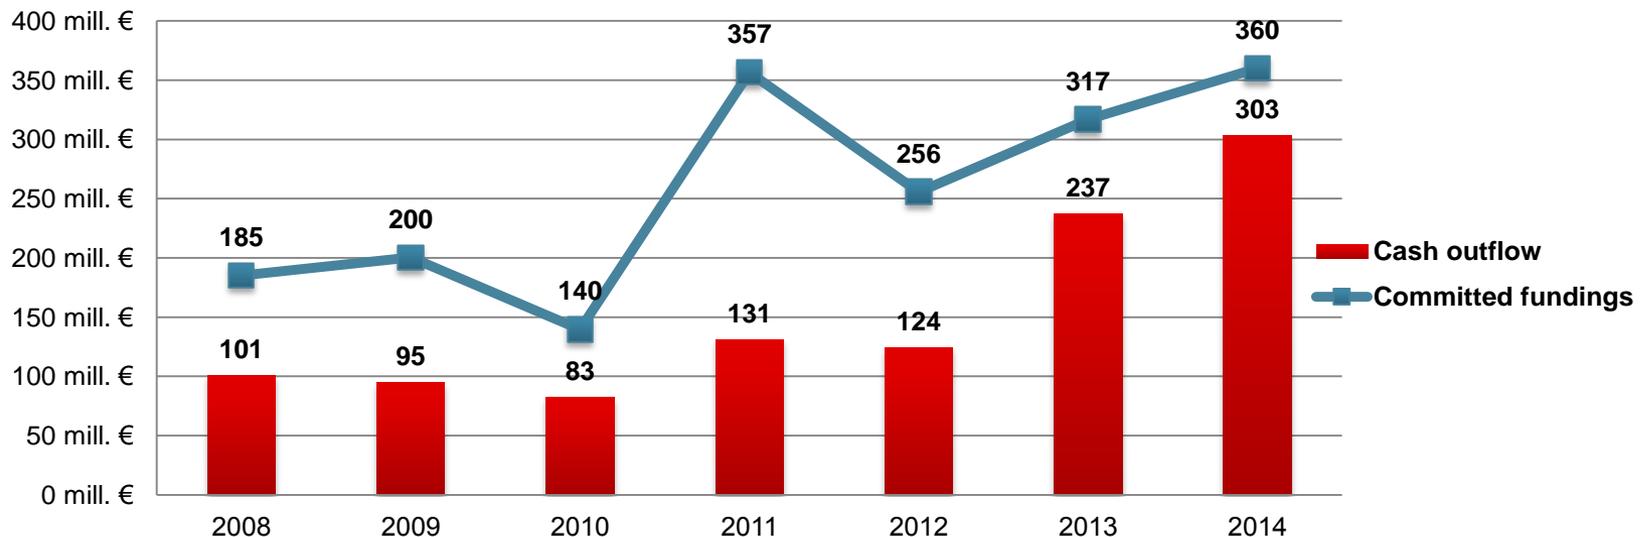

Concrete
on-the-ground activities
and
conceptual work

Generating momentum for
negotiations on UNFCCC and
CBD

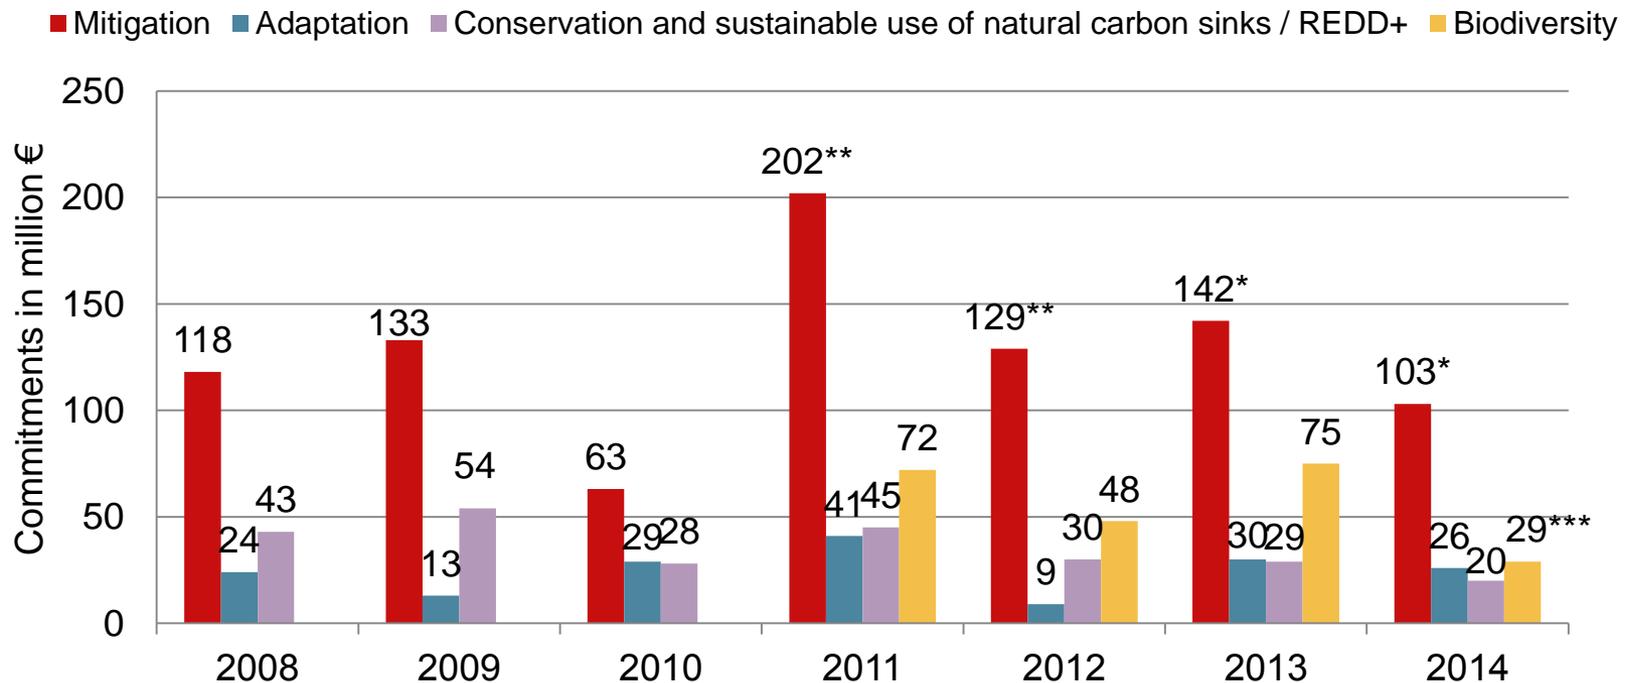

IKI Balance 2008 - 2014 (per year)

Since 2008 440 projects with a funding of € 1.60 bn. (€ 4.06 bn. incl. equity capital from implementers and other private and public financing of national and international origin, such as the EU).

Evolution of IKI funding (2008-2014, information per year) as of 19.01.15
 (incl. DKTI and NAMA Facility, trust funds; commitments in million €)

Project Activities within the Thematic Focus Areas 2008 - 2014 (BMUB commitments without multilateral funds)

*incl. NAMA Facility: €50 m (2014); €40m (2013). Additional DECC commitments to NAMA Facility in 2013: ~€30m.

** incl. DKTI €83m (2011), €81m (2012) ***mainly projects from other focus areas related to biodiversity

IKI Portfolio in Thailand

Topic	Commitments (million €)		Themes
Mitigation:	Bilateral:	16.7	Climate Policy, Energy Efficiency, Renewable Energy, NAMAs, MRV, INDCs, Sustainable Consumption and Production, Low Carbon Development, Sustainable Tourism
	Reg./Global:	65.6	
Adaptation:	Bilateral:	4.2	Water/Flood Management, Ecosystem-based Adaptation, Vulnerability Assessment
	Reg./Global:	8.9	
REDD+:	Bilateral:	1.7	Protection/Sustainable Use of climate-relevant Biodiversity with Focus on REDD
	Reg./Global:	4.0	
Biodiversity	Reg./Global:	7.3	Biodiversity Finance Initiative – BIOFIN

One additional project is funded under the BMUB/DECC NAMA Facility: **Thailand - Refrigeration and Air Conditioning NAMA**

Total NAMA Facility funding: appraisal-phase: 110.000 EUR; request for implementation phase: 14.7 million EUR

II. INDC support through the IKI

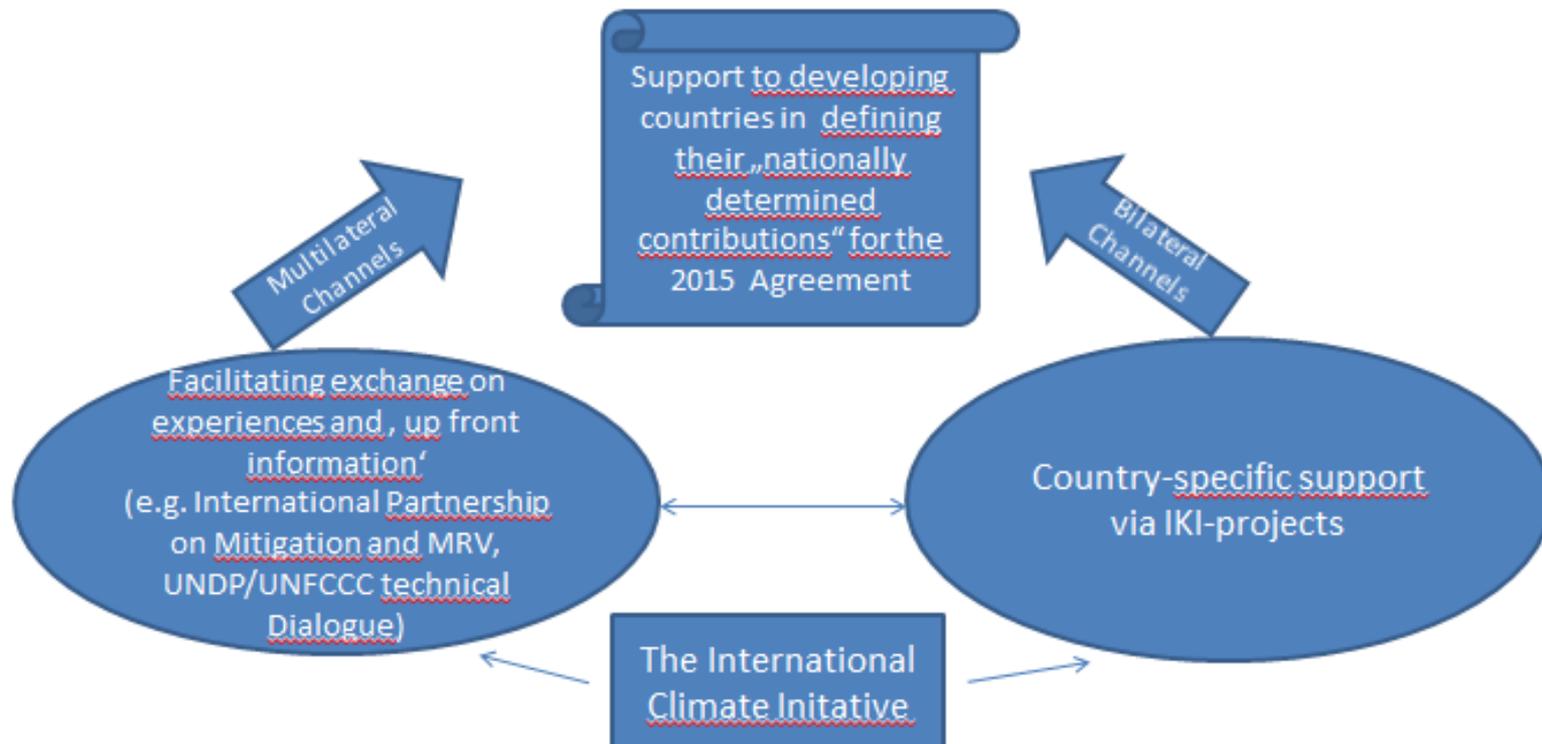

Political context: 2015 Agreement

Parties agreed in Warsaw to put forward their intended nationally determined contributions (if they are in a position to do so) well in advance of COP 21, ideally by the first quarter of 2015.

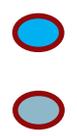

- Developed country governments were requested to provide support to developing countries for these domestic preparations.
- Parties agreed to identify the information that Parties will provide when putting forward their contributions by COP 20 in Lima.

IKI's approach to support INDC preparation

IKI Support to selected Partner Countries in their INDC-process

INDC support
close cooperation

III. News from the IKI

- New IKI call expected to be open from end of March 2015
- IKI under revision
- IKI M&E

Thank you for your time and attention!
