

Announcement – Call for Interest

As an international cooperation enterprise with worldwide operations, the German government owned Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH operates on behalf of German ministries, the governments of other countries and international clients to provide tailor-made, cost-efficient and effective services for sustainable development. We are looking for **an expert or consultant team** to provide consultancy service for “**Scaling Sustainable Consumption and Production (Scaling SCP) project**” for the assignment:

Process-oriented support to the analysis of strategy, capacity development gaps and measures for the improvement of ecolabelling in Thailand and the organization of the closing event of SCP programme

The Scaling SCP project (SSCP) aims to increase awareness and capacities to develop and strengthen sustainability information policies and tools through Green or Sustainable Public Procurement (SPP) and eco-labelling. These instruments contribute directly to reducing greenhouse gases (GHG) emissions, while simultaneously developing ‘green’ markets and jobs for climate-friendly and less polluting products and services. Consequently, public authorities benefit through lower life-cycle-costs of purchased services and products and countries are enabled to increase their competitiveness and resource efficiency, as well as international trade, as well as by harmonising and mutually recognising eco-labels and GPP standards.

The assignment aims to provide process-oriented support for (1) the analysis of strategy, capacity development gaps and measures for the improvement of ecolabelling in Thailand and (2) the organization of the closing event of SCP programme. Our project is seeking for **an Appraiser (an individual consultant)** to provide consultancy service.

Qualifications

1. University qualification in international development, change management, human resources development, industrial and organizational psychology, environment, business administration or relevant degrees
2. Proven experiences of more than 10 years in result-based management, logical framework approach, results chain model, organizational analysis, and development, monitoring and evaluation concepts and tools e.g., OECD’s Evaluation Criteria
3. Strong competencies to provide process and technical consulting and coaching with more than 8 years of experiences in advising projects and in providing organisational and institutional capacity development
4. Outstanding skills in effective workshop design, facilitation and moderation in the national and international development context

This will be an assignment-based contract, from **August 2024** to **December 2024** tentatively, with possibility to change period in case delay of tender process.

If you are interested, please confirm your interest via email to TH_Quotation@giz.de **within 7 August 2024**. Kindly put email Subject: “Call for Interest 83467571” and attach your expert CV.

Tender bidding process will be carried out after the Call for Interest. Invitation for Bidding will be sent out by third week of July.
